CUSTOM ACRYLIC PROTECTIVE BARRIERS AND SNEEZE GUARDS

Total Cart Solutions can help you communicate with customers and staff to ensure a safe environment. Our barriers and guard solutions visually and physically enforce safe distancing and help eliminate contact with airborne droplets and other contaminants via coughing and sneezing.

Custom acrylic sneeze guards create a protective barrier between staff and customers. Working with our Team on a custom barrier or guard ensures that the solution meets your environments needs.

- 1/4" thick clear acrylic inserts are standard for guards and barriers
- Heat resistant
- Canadian manufactured

INSTALLATION FLEXIBILITY:

- Freestanding - no damage to counter
- Hanging we drill holes and you can hang it from top
- Holes drilled - if you want to attach to your counter

- Custom sizes and formats to fit your existing retail environments, cut outs and openings can be added for easy access to POS systems or products
- Acrylic inserts offer the appearance and function of glass with higher impact strength
- Acrylic insert can be easily cleaned using "household" soaps and disinfectants without damaging the clarity or surface
